Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance.

I am very disturbed to learn of yet another attempt to press the burden of costs for service away from big business and the big users on to the shoulders of low-users and residential customers. This tendency of our present administration is detrimental to the welfare of this nation and its people, and is a dimly disguised effort to bring ultimate ruin to our nation. I consider the tendency, and its further intended implementation in this instance, a policy that must be strictly resisted and overturned. Your refusal to go along would be commendable and much appreciated by all those citizens like me who look to our government and its agencies to act on our behalf and for our benefit

I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position.
